Alexei Efros, CMU, Fall 2006

*We can now illuminate
synthetic objects with real light.*

*How do we add synthetic objects to a
real scene?*

Real Scene Example

Goal: place synthetic objects on table

Light Probe / Calibration Grid

Modeling the Scene

SIGGRAPH2004

Reach for the sky

- How can we capture the whole sky as an environment map?
- What happens with the sun?

Direct HDR Capture of the Sun and Sky

SIGGRAPH2004

- Use Sigma 8mm fisheye lens and Canon EOS 1Ds to cover entire sky
- Use 3.0 ND filter on lens back to cover full range of light
 - Only 0.1% of light gets through!

Stumpfel, Jones, Wenger, Tchou, Hawkins, and Debevec. "Direct HDR Capture of the Sun and Sky". To appear in Afrigraph 2004.
